**Service provider to maintain building technology at airport hotel - 'Rite Care' services ensure that guest rooms function perfectly**

page 1  
08/23/2010

HOCHTIEF Facility Management and the Munich Airport Marriott Hotel in Freising are continuing their collaboration which has existed now for over a decade. The partners have renewed their contract up to the end of 2011 and agreed an option to continue cooperation after that. It was agreed that no details of the contract value would be disclosed.

At the Munich Airport Marriott Hotel, HOCHTIEF is responsible for all building technology. This includes the air-conditioning and ventilation, electrical systems and technical equipment in the pool and spa area. Furthermore, HOCHTIEF is providing so-called "Rite Care" services, which ensure optimum technical conditions and perfect operation of the 252 guest rooms and 18 conference rooms.
